4ever Watertite Company
Chesterfield, MI

Dear Bob & Jeff,

Valerie and I want to thank you for a great job done on the water problem and foundation problem in our basement. We could not be happier.

At every turn, when a problem presented itself, your response was professional and courteous. Thank you for absorbing most of the extra costs that could not be foreseen.

Your work crew was extremely professional as well.

I would recommend you to anyone about this type of problem. You guys did a great job.

Thanks again,

Richard L. Smith
