Regarding 4-Ever Watertight,

My house suffered a buckling foundation and flooding in the basement. It was unfit to be sold.

Robert Gray's firm, 4-Ever watertight braced up the foundation and waterproofed the basement for a very affordable price.

The work was impressive and very professional. My property can be easily sold anytime I choose. The work comes with a lifetime transferable warranty. ~~The~~ The better business rating Bureau is A+, which means they have never had a complaint filed against them. In my opinion, 4 Ever Water tight, is the finest firm in the metropolitan area doing work of this nature.

Sincerely  
David Lowell
